About Jolly

Crafting masterpieces that are an amalgamation of innovation.

Since 1944, Jolly Engineering Works has been a pioneer in India's builders' hardware industry.

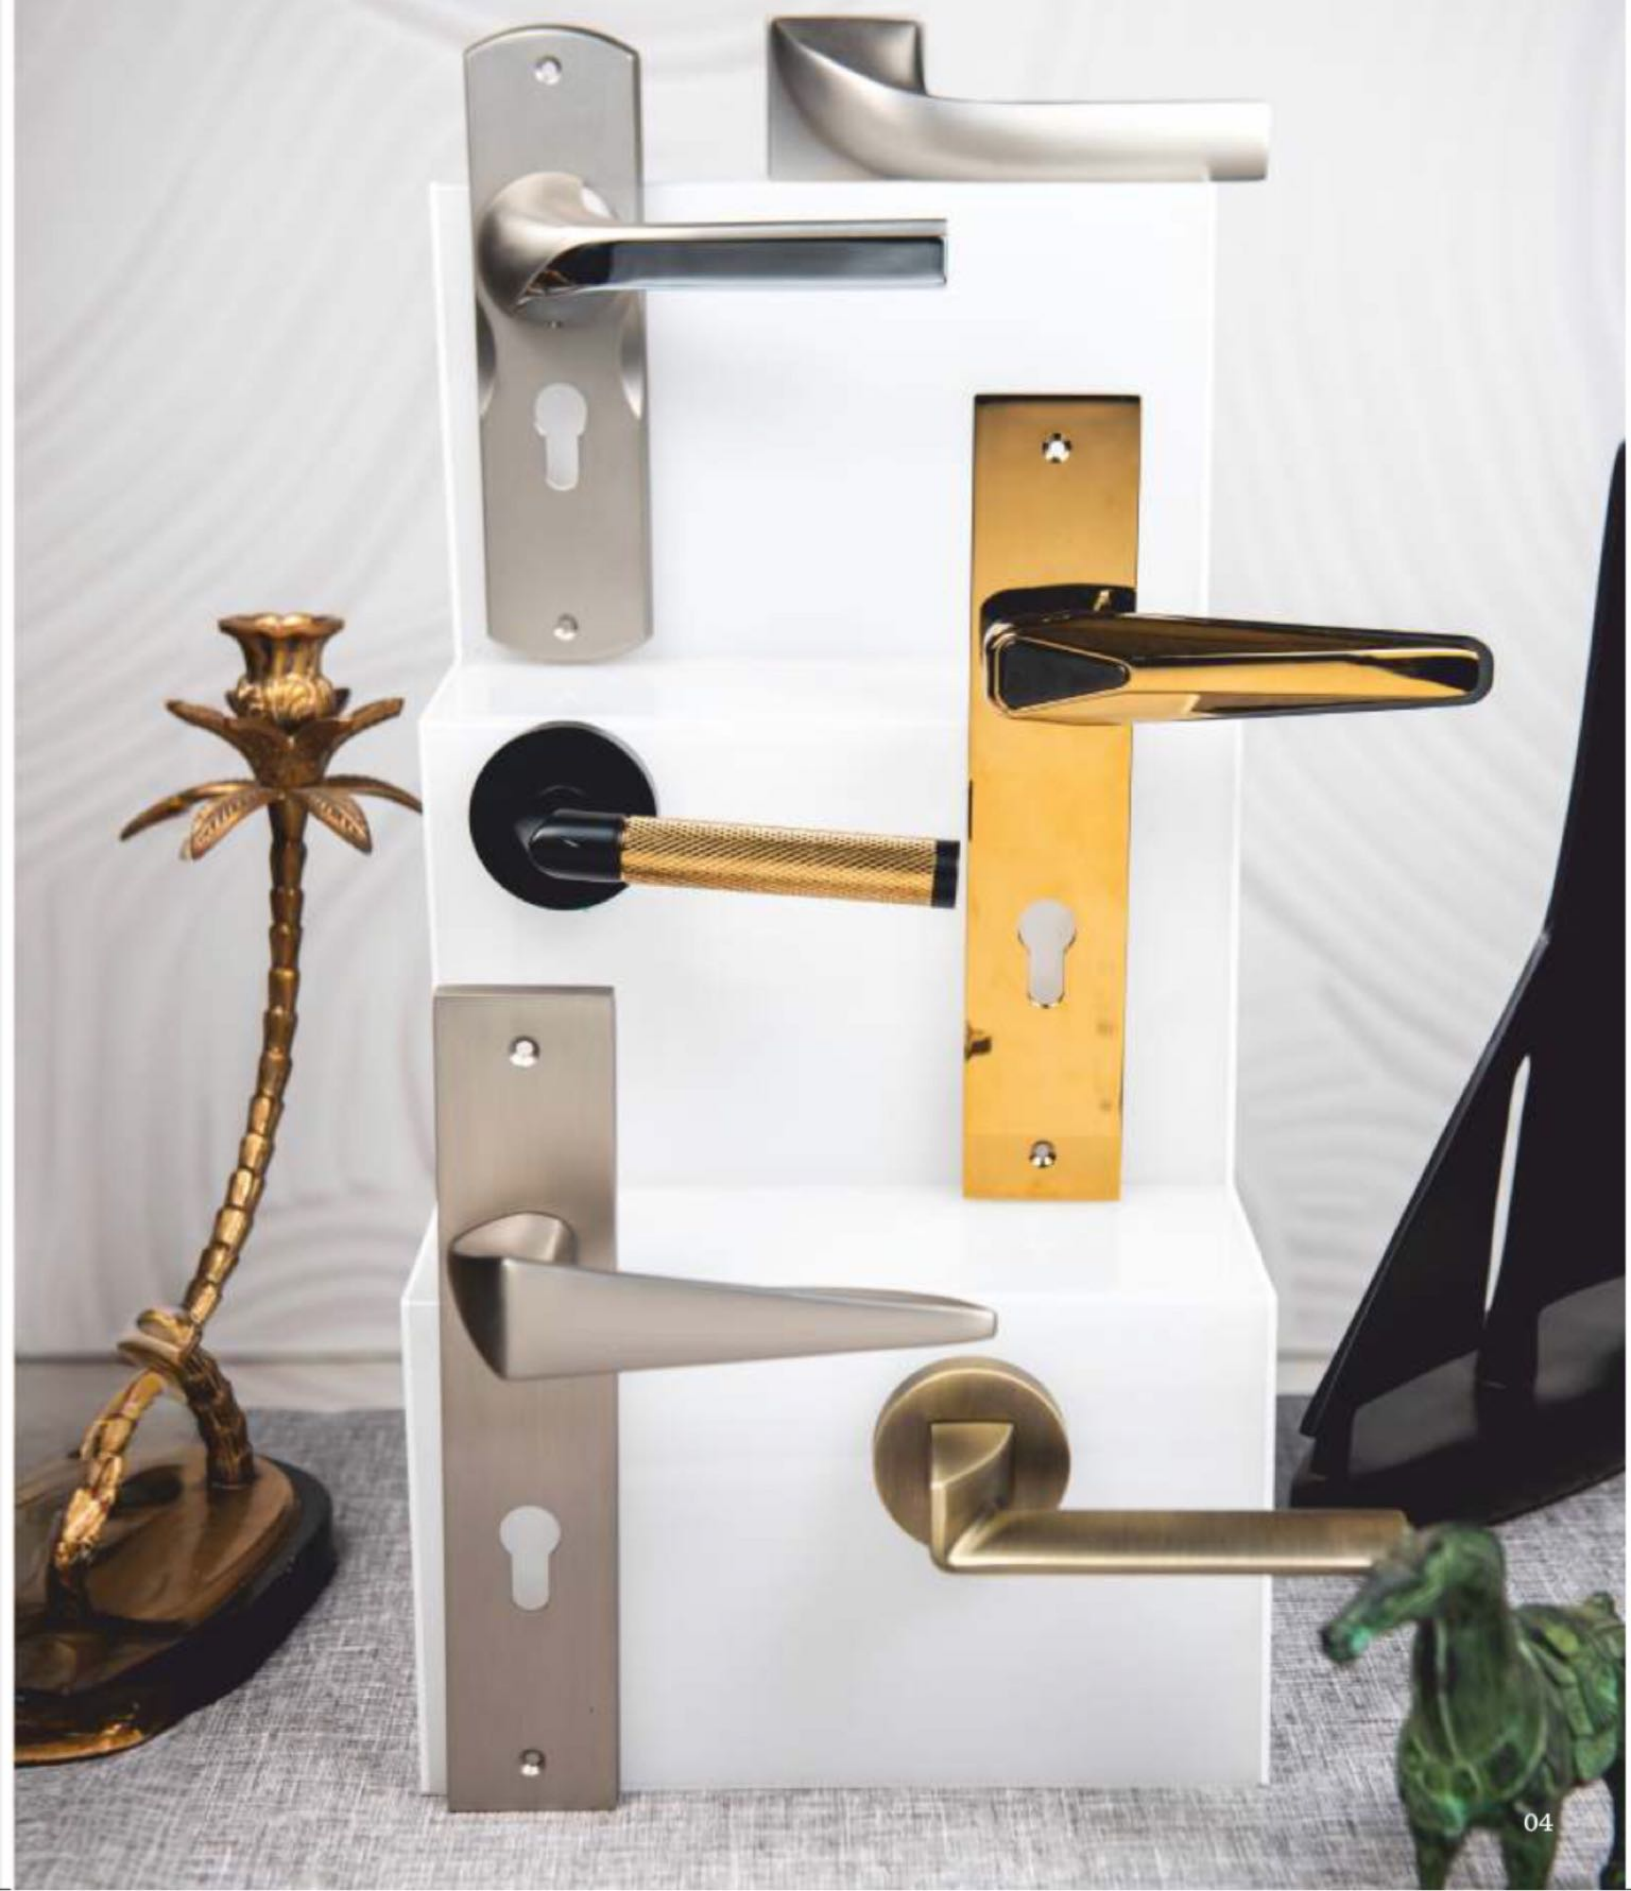

Today, we take pride in our journey, crafting superior 'Made in India' products and in being the preferred hardware brand in India.

Our zeal for continuous innovation and dedicated craftsmanship has enabled us to integrate the science and art of hardware, to craft products and accessories that elevate spaces.

Our vast ranges of Hinges, Mortice Handles, Ball Bearing Drawer slides and accessories, are a testament to our unwavering commitment and learning. As a beacon of luxury hardware, we're dedicated to exceeding customer expectations and serving commercial and residential needs with unwavering integrity

Intelligent design
meets luxury.

Our Vision

Jolly Engineering Works has always been known as the most preferred builder's hardware brand in the country. We are determined to continue to be worthy of that title by ensuring premium quality at competitive prices. We constantly reform ourselves with changing times and grow steadily to meet our client's expectations, in all thoroughness that we participate in.

Our Mission

With a combination of futuristic vision and hard work, we aim to achieve perfection in our products. With the use of cutting edge technology that personifies innovations, we are determined to provide our clients with best quality money can buy. Our objective is to build strong and lasting customer relations by making their experience with us, a good one.

Standards & Approvals

Our products abide by the following standards:

DIN EN 12209 : 2004 -03 Europrofile Mortise
Lock 24 mm (Backset 50/55/60/65/70mm)

Classification: 3 H 7 0 0 E 6 P C 1 0

Our products confirm to International Chemical and Physical tests as below:

Single rub acetone test :- 2500+
Pencil Hardness :- 4h+
Natural salt spray test as per ASTM B117 - 500Hrs. +
Abrasion Test :- 18+ (litres sand)
(As per Astm D968 using ottawa sand)
UV Light Resistance
Sweat Test
(A SN/BHMA test + USA Specification) 4+

Grip

Available Finishes (Anti-Bacterial)

Other Finishes

Matt SS, Antique Brass, Matt Black

PVD Gold, PVD Rose Gold

The angular grip handle boasts a sleek design and comes in a range of finishes. It's smooth texture ensures a comfortable grip, and its optimized mechanism allows for effortless operation. This handle is perfect for contemporary homes.

Diamanté Range

The Diamante Range by the House of Jolly is a shining testament to our commitment to meeting the unique needs of the Indian diaspora. Crafted from SS304, this range is designed to elevate the ever-evolving design aesthetics of the market while ensuring corrosion and rust resistance.

This long-lasting collection offers distinctive designs each embodying pristine styles that are versatile and fluid!

With an optimized mechanism for seamless functionality, the Diamante Range is available in an array of finishes, allowing you to pair them effortlessly with various interiors and spaces.

Handle Crafting Process at Jolly

A behind the scenes peek into how Jolly's masterpieces are crafted.

Design

1

The idea for a new design first takes form on paper with a detailed graphic blueprint of its design and function.

The same design is then fashioned onto wood to get all the details right!

3D Design/ Rendering

2

A 3D design blueprint is created using design software.

Die-casting tools are made

5

From wooden shape, the mould or die-cast for the handle is custom made.

The design is 'printed' using a 3D printer to make a plastic model of the concept.
